

CURRICULUM VITAE – MIKKO SEPPÄLÄ

Updated: July 23, 2026

PERSONAL INFORMATION

Full name: Mikko Toivo Johannes Seppälä
Date of birth: March 28th, 2001
Citizenship: Finnish
E-mail: mikko.seppala@helsinki.fi

CURRENT POSITION

9/2025– **Doctoral Researcher, University of Helsinki and Helsinki Institute of Physics**

WORK EXPERIENCE

6/2023–8/2025 **University of Helsinki, Helsinki Institute of Physics**
Research Assistant
Extreme Quantum Field Theory group, full-time in 6/–8/2023, 5/–8/2024 and 6/–8/2025,
part-time in 9/2024–5/2025
5/2022–9/2022 **Aalto University, Department of Neuroscience and Biomedical Engineering**
Research Assistant

EDUCATION

6/2025 **Master of Science, University of Helsinki**
Master's Programme in Theoretical and Computational Methods in Theoretical and Computational Methods
Major in theoretical physics
4/2024 **Bachelor of Science, University of Helsinki**
Bachelor's Programme in Physical Sciences
Major in theoretical physics
6/2020 **Upper secondary school, Vaskivuoren lukio**

TEACHING

Teaching Assistant, University of Helsinki
Spring 2026 Basics of QCD perturbation theory (co-lecturer), 5 credits (ECTS)
Spring 2026 Introduction to quantum physics, 5 credits
Spring 2025 Quantum statistics, 5 credits
Autumn 2024 Statistical mechanics, 5 credits
Autumn 2024 Mechanics, 5 credits
Spring 2024 Introduction to quantum physics, 5 credits
Spring 2024 Introduction to relativity, 5 credits
Autumn 2023 Mathematical methods for physics Ia & Ib, 10 credits
Summer 2023 Physics for scientists, 5 credits
Spring 2023 Physics for scientists, 5 credits
Autumn 2022 Mathematics for physicists I & II, 10 credits

AWARDS AND HONORS

3/2026 [Finnish Physical Society master's thesis prize honorable mention](#)
3/2025 Designated on the [University of Helsinki 30 under 30 -list](#)
9/2024 Global winner of the [Global Undergraduate Awards](#), mathematics and physics category
4/2024 University of Helsinki personal grant for studying mathematics or natural sciences, 1000€
12/2022 Voted [best teaching assistant of the year by the physics students of University of Helsinki](#)

SCIENTIFIC ACTIVITIES & RESPONSIBILITIES

1/2024–12/2025 Student representative in the Physics department council at University of Helsinki
1/2024–12/2024 Student vice-representative in the steering group for the Bachelor's Programme in Physical Sciences at University of Helsinki
1/2023–12/2024 Board of [Resonanssi ry](#), the physics students' organization at University of Helsinki

FUNDING

2026–2029	Magnus Ehrnrooth foundation, PhD scholarship, €96 000
2026	University of Helsinki Doctoral School, travel grant, €1700

ORIGINAL RESEARCH ARTICLES

1. **T. Lappi, R. Paatelainen, M. Seppälä**

JHEP 05 (2026), 156, arXiv:2601.10374 [hep-ph], *Two-Loop DGLAP Splitting Functions from Light Cone Perturbation Theory*

THESES

1. MSc thesis (March 2025): *One-Loop Gluon Emission In Light Cone Perturbation Theory*
2. BSc thesis (August 2023): *Equation of State of Cold and Dense Quark Matter*

SCIENTIFIC TALKS IN CONFERENCES

5/2026	“ <i>Two-Loop DGLAP Splitting Functions from Light Cone Perturbation Theory</i> ”, 33rd International Workshop on Deep Inelastic Scattering and Related Subjects (DIS2026), Bologna, Italy
--------	--

SEMINAR TALKS

12/2025	“ <i>Two-Loop DGLAP Evolution from Light Cone Perturbation Theory</i> ”, University of Jyväskylä, Center of Excellence in Quark Matter seminar series
---------	---

OUTREACH

1. [Blog post about my master’s thesis on the Finnish Physical Society web page \(2026\)](#)
2. [Yliopisto-magazine interview on working in a research group as a student \(2025\)](#)
